

A twin-engine turboprop aircraft is parked on a snowy mountain slope. The aircraft is silver with black propellers and is viewed from a low angle. In the background, there is a large, multi-story wooden chalet with a snow-covered roof and balconies. The sky is clear and blue.

SAFETY AND RELIABILITY

MANAGEMENT

YOUR OWN PERSONAL FLIGHT DEPARTMENT:

- ▶ Flight planning
- ▶ Accounting and procurement optimisation
- ▶ Maintenance control and monitoring
- ▶ Dedicated team of pilots
- ▶ Other support services including charter

Drawing on over 20 years of operational flight and engineering experience to provide you with full support, solutions and optimisation.

“ Having tried various branded services for private air travel, my family was lucky to find Jet Exchange. Without question they consistently surpass the services of the large firms, while making me feel more comfortable that my family is safe and in secure hands while flying. I cannot perceive why I would ever think of another firm to work with. ”

“ I have known and worked with Jet Exchange for 5 years now and cannot recommend them highly enough. We have flown approximately 350 hours with them and have found them to be safe, professional, courteous and responsive. ”
